

# ECONOMIC HISTORY

4A Lehman Hall

854-3454

This program is supervised by the Committee on Economic History.

**Economics:** Alan Dye (Program Adviser)

**History:** Deborah Valenze

The Economic History Program is an interdisciplinary program combining history and economics. It seeks to develop a knowledge of the human experience through the record of the past and an understanding of the historical process from an economic perspective. The program combines the discipline of investigation and interpretation of the past with the study of the tools of economic analysis and quantitative skills and their use in historical investigation. Majors in this program will have a broad academic exposure that will prepare them to enter graduate programs in law, business, public policy, or administration as well as economics and history.
