Guidelines for Creative Writing Independent Study Projects

Please note: Permission is given rarely and only to students who present a clear and well-defined description of the nature of their project, who have a Department sponsor who is a full-time faculty member, and who submit their proposals well in advance of the semester in which they will complete the work. As these are guidelines only, they may be modified at the sponsor's discretion.

1. A student must seek the tentative approval of a sponsor as well advance as possible of the semester in which she will complete the work. When she seeks approval, she must provide a plausible case for the impossibility of realizing her project in the framework of an existing creative writing course, or, for writing concentration senior projects, in the framework of an existing creative writing course in conjunction with ENGL BC3996.
2. Approval is contingent on the sponsor's discussion of the project with the Creative Writing Director.
3. The completed application form must be submitted to the English Department Administrator (Sarah Pasadino, spasadin@barnard.edu) by 3:00 pm on the day before the last day of the final registration period for the semester. Check the English Department website for the exact due date of a particular semester.
