AWARD DETAILS

GRANT ACTIVITY
A flexible combination of teaching and research activities that entail teaching a minimum of two class sessions (90 minutes each) per week in one of the master's programs offered at the Salzburg University of Applied Sciences in the fields of specialization listed below. Grant related activities may also include advising or supervising advanced students as well as developing joint research projects with faculty. The format and content of individual courses and research objectives are negotiated on a consensual basis with the host institution, contingent upon its needs and the grantee's interests and expertise.

In addition to being a prestigious academic exchange program, the Fulbright Program is a public diplomacy initiative designed to expand and strengthen relationships between the people of the United States and citizens of other nations. To support this mission, Fulbright Scholars will be asked to give public talks, mentor students, and otherwise engage with the host community, in addition to their primary research or teaching activities.
