REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Trustees of **Barnard College:**

Report on the financial statements

We have audited the accompanying financial statements of Barnard College (the "College"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Barnard College as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on 2013 summarized comparative information

We have previously audited the College's 2013 financial statements (not presented herein), and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 13, 2013. In our opinion, the accompanying summarized comparative information as of and for the year ended June 30, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated October 1, 2014, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

New York, New York October 1, 2014

Shant Thornton UP

Statement of Financial Position

As of June 30, 2014, with summarized comparative totals for 2013 (Dollars in thousands)

Supplemental disclosure of cash flow information:				
Cash paid during the year for interest	\$	3,424	\$	3,643

The accompanying notes are an integral part of this financial statement.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

1. ORGANIZATION

Barnard College (the "College") is a not-for-profit independent liberal arts college for women. The College is exempt from federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). Net assets of the College and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met by actions of the College and/or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the College. Generally, the donors of these assets permit the College to use all or part of the income and gains on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless their use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets, that is, the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed, are reported as net assets released from restrictions.

Contributions

Contributions, including unconditional promises to give (pledges), are reported as revenues in the period received or pledged. Pledges, less an allowance for uncollectible amounts, are recorded as receivables at the net present value, determined using a credit-adjusted rate. Amortization of the discount is recorded as additional contribution revenue in accordance with the donor-imposed restrictions, if any. Restricted pledges are reported as additions to the appropriate restricted net assets class. Contributions of cash or other assets that must be used to acquire or construct long-lived assets are reported as temporarily restricted net assets until the assets are placed in service.

Conditional promises to give and intentions to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. During the year ended June 30, 2014, the College received conditional pledges of approximately \$78.4 million. The College has recorded revenue from these conditional promises of approximately \$5.0 million, the extent to which the conditions on the pledges have been met.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

Grants

Revenue from federal and state grants is recognized to the extent that qualifying reimbursable expenses have been incurred over the terms of the respective agreements.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid debt instruments with original maturities of 90 days or less other than those cash and cash equivalents held by external investment managers as part of their long-term investment strategies. Cash and cash equivalents are held by the College for operating and capital funding purposes.

Concentrations of Credit Risk

Cash, cash equivalents, and investments are exposed to interest rate, market, and credit risks. The College maintains its cash and cash equivalents in various bank deposit accounts that may exceed federally insured limits at times. To minimize risk, the College places its cash accounts with high credit quality financial institutions and the College's investment portfolio is diversified with several investment managers in a variety of asset classes. The College does not anticipate any losses in such accounts.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value based upon quoted market prices. Alternative investments are stated at estimated fair value based on the net asset value, as a practical expedient, reported by the investment managers or general partners. Net asset value may differ significantly from the values that would have been reported had a ready market for these investments existed. The College reviews and evaluates the values provided by the investment managers or general partners and has determined that the valuation methods and assumptions used in determining the fair value of the alternative investments are reasonable.

The College invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

All investment transactions are recorded on a trade-date basis.

Tuition and Fees

Tuition and fees revenue, net of financial aid, are recognized as revenues over the academic terms to which they relate.

Student Accounts Receivable

Student accounts receivable are reported at the estimated net realizable amount.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

Student Notes Receivable

Student notes receivable are loans to students, which are made from the College's restricted loan funds and the Federal Perkins Loan Program. The notes are reported at their estimated net realizable value.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost or, in the case of gifts, at fair value at the date of the gift. The College capitalizes property, plant and equipment of \$3,000 or above which have useful lives greater than one year. Depreciation and amortization are computed on the straight-line basis over the estimated useful lives of the assets as follows:

Buildings 60 years
Building improvements 20 to 30 years
Furniture, fixtures, and equipment 5 to 10 years

Deferred Revenues

Deferred revenues consist primarily of student tuition and fee payments that are received for academic periods subsequent to the fiscal year-end.

Split-Interest Agreements

The College is the beneficiary of trusts, annuities, and pooled income funds. The College's interest in these split-interest agreements is reported as a contribution in the year received and is calculated as the difference between the fair value of the assets contributed to the College and the estimated liability to the beneficiary. This liability is computed using actuarially determined rates and is adjusted annually. The discount rate used to value split-interest agreements ranged from 1.2 % to 9.4% at June 30, 2014 and 2013. The College recorded contributions from new split-interest agreements of approximately \$0.9 million each year for the years ended June 30, 2014 and 2013. These amounts are included in nonoperating contributions in the accompanying statements of activities. The assets held by the College under these arrangements are included as a component of investments in the accompanying financial statements.

Operating and Nonoperating Activities

The statement of activities distinguishes between operating and nonoperating activities. Nonoperating activities consist of investment return in excess of or less than the amount appropriated for operations by the Board of Trustees, the change in value of split-interest agreements, contributions for long-term purposes and split interest agreements and contributions and grants for plant improvements, postretirement (cost) benefit other than net periodic benefit cost, and nonrecurring items.

Categories of Expense

Expenses are reported in functional categories. Each category includes salaries and benefits, supplies, and other expenses, including operation and maintenance of physical plant, interest, and depreciation expense related to the function.

- a. Instruction includes expenses for all activities that are part of the College's instruction program.
- b. Research includes all expenses for governmental and privately sponsored research.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

- c. <u>Public Service</u> includes activities established to provide non-instructional services such as the New York State Science and Technology Entry Program (STEP).
- d. <u>Academic Administration</u> includes expenses incurred to provide administrative support to the instructional program. This category includes the offices of the Provost, Library, and Media Services.
- e. <u>Student Services</u> includes expenses incurred for the offices of Dean of the College, Admissions, Registrar, Financial Aid Administration, Career Development, Disability Services, and the New York State Higher Education Opportunity Program (HEOP). In addition, it includes expenses for student-related activities outside the context of the formal instructional program.
- f. <u>Institutional Support</u> includes expenses for college-wide activities such as the offices of the President, Finance and Planning, Institutional Advancement, Administration, Administrative Computing, General Counsel, and Communications. Fundraising expenses totaled approximately \$6.5 million and \$5.4 million for the years ended June 30, 2014 and 2013, respectively.
- g. <u>Auxiliary Enterprises</u> provides services to students for a fee. This category includes Housing, Dining Services, Health and Counseling Services, and the Summer and Precollege Programs.

Allocation of Certain Expenses

The College allocates operation and maintenance of plant, depreciation, and interest expense on outstanding long-term obligations in the statement of activities based upon campus square footage.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates made in the preparation of the financial statements include the valuation of alternative investments and obligation under derivative instrument at fair value, valuation of liability under split-interest agreements, useful lives of property plant and equipment, asset retirement obligations, postretirement benefits obligation, and estimated net realizable value of receivables. Actual results could differ from those estimates.

Accounting for Uncertainty in Income Taxes

The College complies with the provisions of Accounting Standards Codification ("ASC") 740-10. ASC 740-10 clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This section provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged.

The College is exempt from federal income taxation. Nevertheless, the College may be subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. The tax years ending June 30, 2011, 2012, 2013 and 2014 are still open to audit for both federal and state purposes.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

ASC 740-10 did not have a material impact on the College's financial statements, as management determined that there are no uncertain tax positions within its financial statements.

Reclassifications

Certain prior period amounts have been reclassified in order to conform to the 2014 presentation. Such reclassifications did not change total assets, liabilities, revenues, expenses or changes in net assets as reflected in the 2013 financial statements.

2013 Summarized Comparative Financial Information

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the College's financial statements as of and for the year ended June 30, 2013, from which the summarized information was derived.

Subsequent Events

The College evaluated subsequent events after the statement of financial position date of June 30, 2014 through October 1, 2014, the date the financial statements were issued. The College is not aware of any additional subsequent events which would require recognition or disclosure in the accompanying financial statements other than as disclosed in Notes 11 and 14.

Fair Value Hierarchy

Fair value is defined in ASC 820-10 as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820-10 establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the College has the ability to access at the measurement date. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.
- Level 2: Pricing inputs other than quoted prices in active market, which are either directly or indirectly observable as of the measurement date. The nature of these securities include investments for which quoted prices are available but traded less frequently and investments that are fair valued using other securities, the parameters of which can be directly observed. Also included in Level 2 are investments measured using a net asset value ("NAV") per share, or its equivalent, that may be redeemed at NAV at the statement of financial position date or in the near term, which the College has determined to be within 90 days.
- Level 3: Securities that have little to no pricing observability as of the measurement date. These securities are measured using management's best estimate of fair value, where the inputs into the determination of fair value are not observable and require significant management

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

judgment or estimation. Also included in Level 3 are investments measured using a NAV per share, or its equivalent, that can never be redeemed at NAV at the statement of financial position date or in the near term or for which redemption at NAV is uncertain due to lockup periods or other investment restrictions.

Investments classified as Levels 2 and 3 include shares or units in investment funds as opposed to direct interests in the funds' underlying holdings, which may be marketable. Because the NAV reported by each fund is used as a practical expedient to estimate the fair value of the College's interest therein, its classification in Levels 2 or 3 is based on the College's ability to redeem its interest at or near the statement of financial position date. If the interest can be redeemed in the near term, the investment is classified in Level 2. The classification of investments in the fair value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities. Refer to Note 5 for investments classified within the fair value hierarchy.

3. STUDENT NOTES RECEIVABLE, NET

The College makes uncollateralized loans to students based on financial need. Student loans are funded through a federal government loan program or institutional resources.

At June 30, 2014 and 2013, student notes receivable, net consisted of the following:

	2014			2013
Federal government program	\$	1,579	\$	1,889
Institutional programs		1,467		1,541
		3,046		3,430
Less: allowance for doubtful accounts				
Beginning of year		(392)		(443)
Allowance decrease		20		51
End of year		(372)		(392)
Student notes receivable, net	\$	2,674	\$	3,038

The College participates in the Perkins federal revolving loan program. The availability of funds for loans under the program is dependent on reimbursements to the pool from repayments on outstanding loans. Funds advanced by the Federal government of \$2.2 million at both June 30, 2014 and June 30, 2013 are ultimately refundable to the government and are classified as a liability in the statements of financial position. Outstanding loans cancelled under the program result in a reduction of funds available for loan and a decrease in the liability to the government. At June 30, 2014, the following amounts were past due under the student loan programs:

Notes to Financial Statements June 30, 2014 and 2013

(Dollars in thousands)

	In Defa	ault < 240	In	Default > 240				
	Days (Monthly	Da	ays (Monthly				
	Insta	llments)	Iı	nstallments)				
	or 27	70 Days	(or 270 Days				
	(Qua	arterly		(Quarterly	Total			
	Insta	llments)	<u>I</u> 1	nstallments)		Past Due		
2014	\$	206	\$	309	\$	515		
2013	\$	168	\$	349	\$	517		

Allowances for doubtful accounts are established based on prior collection experience and current economic factors which, in management's judgment could influence the ability of loan recipients to repay the amounts per the loan terms. Institutional loan balances are written off only when they are deemed to be permanently uncollectible.

4. PLEDGES RECEIVABLE, NET

Pledges receivable at June 30, 2014 and 2013 are as follows:

	 2014	2013
Amounts expected to be collected in:		
One year or less	\$ 6,206	\$ 7,575
Two to five years	6,998	9,152
Greater than five years	 3,663	3,788
	16,867	20,515
Less:		
Discount to present value (using rate of 0.11% - 4.91%)	(341)	(458)
Allowance for uncollectible pledges	 (2,594)	 (2,601)
Pledges receivable, net	\$ 13,932	\$ 17,456

As of June 30, 2014 and 2013, 42% and 49%, respectively, of gross pledges receivable were due from five donors.

5. INVESTMENTS AND FAIR VALUE

The College's investment objective is to invest its assets in a prudent manner in order to achieve a long-term rate of return sufficient to fund a portion of its spending and to increase investment value equal to or above inflation. The College uses a diversified investment approach incorporating multiple asset classes, strategies, and managers. The Committee on Investments of the College's Board of Trustees oversees the College's investments and authorizes investment decisions.

In addition to equity and fixed income investments, the College may also hold shares or units in institutional funds and alternative investment funds involving hedged, private equity and real estate strategies. These investments are valued at net asset value. Hedged strategies involve funds whose

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Funds with hedged strategies generally hold securities or other financial instruments for which a ready market exists, and may include stocks, bonds, put or call options, swaps, currency hedges, and other instruments. Private equity funds generally employ buyout, venture capital, and debt-related strategies, often requiring the estimation of fair values by the fund managers in the absence of readily determinable market values. Real estate strategies involve funds whose managers invest primarily in commercial and residential real estate primarily located in the United States.

Investments are held in the following funds:

	 2014	 2013	
Trust and pooled life income funds	\$ 10,945	\$ 9,495	
Endowment and designated as endowment funds	 282,048	 240,710	
Total	\$ 292,993	\$ 250,205	

As of June 30, 2014 and 2013, the College had alternative investments of approximately \$271 million and \$232 million, respectively. Alternative investments include private equity partnerships, hedge funds, venture capital funds, and derivatives. Underlying securities owned by the alternative investments include certain publicly traded securities that have readily available market values and other investments that are not readily marketable. The agreements underlying participation in those investments may limit the College's ability to liquidate its interests in such investments for a period of time.

At June 30, 2014 and 2013, the College's remaining outstanding commitments to private equity and real estate partnerships/funds approximated \$44 million and \$36 million, respectively. The private equity partnerships have 1 to 4 year terms remaining. As of June 30, 2014 and 2013, the average remaining life of the private equity partnerships was approximately two and three years, respectively.

At June 30, 2014 and 2013, the College had one hedge fund of approximately \$6.7 million and \$7.0 million, respectively, which was restricted from redemption for lockup periods. This investment allows for early redemption for specified fees and requires 90 day notice for redemption. At June 30, 2014, the expirations of redemption lockup periods are summarized in the table below:

Fiscal year		Amount
Less than one year	\$	2,246
Between one and three years	Ψ 	4,491
Total	\$	6,737

The College uses the NAV per share for purposes of reporting the fair value of all its underlying investments which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

Notes to Financial Statements

June 30, 2014 and 2013 (Dollars in thousands)

Ending Balance	\$	4,573	\$	4,564		

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

Trusts and Other Split-interest Agreements Held by Others:

The College is the beneficiary of other split-interest agreements that are held and administered by others. When the College is not the trustee, perpetual trusts are recorded at the fair value of the assets at the statement of financial position date and beneficial interest in trusts are recorded at the fair value of the assets at the statement of financial position date less the present value of estimated future payments expected to be made to donors and/or other beneficiaries. These assets are included in pledges receivable in the accompanying statements of financial position.

	2014	2013		
Beginning Balance	\$ 3,505	\$	2,931	
Payments	(373)		(25)	
Contributions	-		125	
Change in fair value	 357		474	
Ending Balance	\$ 3,489	\$	3,505	

At June 30, 2014 and 2013, the carrying values of the College's cash and cash equivalents, receivables, and accounts payable and accrued expenses approximated their fair values. A reasonable estimate of the fair value of loans to students under government loan programs cannot be made because loans are not saleable and can only be assigned to the U.S. government or its designees.

At June 30, 2014 and 2013, investments valued at NAV and classified as Level 2 and 3 investments are as follows:

					2014				
Category	Significant Investment Strategy	i	NAV n Funds	# of Funds	Life of Funds		Amount of Unfunded Commitments	Redemption Terms	Redemption Restrictions

6. ENDOWMENT FUNDS

The College's endowment consists of approximately 800 individual funds established for a variety of purposes, including both donor-restricted endowment funds and funds designated by the College to function as endowments (quasi-endowments).

The College manages the endowment to maximize annualized returns, net of all costs over rolling 10-year periods while adhering to stated risk parameters that seek to avoid 25% peak-to-trough declines in the inflation adjusted endowment unit value. Asset allocation parameters are established for investments with lock-up periods. The strategy allows for a significant allocation to equity-oriented investments offering long-term capital appreciation, diversified across asset classes and managers. The College compares the performance of its investments against several benchmarks.

The College has established an endowment spending policy for spending from the endowment for current operations in a manner that maintains the purchasing power of the endowment. The policy's goal is to achieve an average 5% spending rate over time. Annual spending from the endowment is set at 5% of the rolling three-year average of the endowment's market value as of December 31 of the previous year and is approved annually by the Board of Trustees. The College has a total return policy of utilizing its endowment resources. To the extent that the total return requirement for the current year is not achieved by income from investments, the College utilizes prior year's cumulative appreciation of its pooled investment funds.

On September 17, 2010, New York State enacted its version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA), referred to as "NYPMIFA," which imposes guidelines on the management and investment of endowment funds. The Board of Trustees of the College has interpreted NYPMIFA as allowing the College to appropriate for expenditure or accumulate so much of an endowment fund as the College determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument. Unless stated otherwise in the gift instrument, the assets in an endowment fund shall be donor-restricted assets until appropriated for expenditure by the Board of Trustees. The College classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment; (b) the original value of

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

subsequent gifts donated to the permanent endowment; and (c) accumulations of income to the permanent endowment made in accordance with the direction of the applicable donor gift instruments. Accounting guidance associated with the enactment of NYPMIFA as set forth in ASC Topic 958-205-45, *Classification of Donor-Restricted Endowment Funds Subject to UPMIFA*, requires the portion of a donor-restricted endowment fund that is not classified as permanently restricted to be classified as temporarily restricted net assets until appropriated for expenditure in a manner consistent with the standard of prudence prescribed by NYPMIFA. In accordance with NYPMIFA, the Board of Trustees considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the College and the donor-restricted endowment fund
- General economic conditions
- The possible effects of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the College
- The investment policies of the College
- Where appropriate, alternatives to spending from donor-restricted endowment funds and the possible effects on the College

The College has outsourced its investment office. This outsourced investment office has established limited partnership vehicles to assist in the management of its clients' accounts. These limited partnership investments managed by the outsourced investment office represented 83% and 80% of the College's endowment investments at June 30, 2014 and 2013, respectively.

Endowment and quasi-endowment funds consisted of the following at June 30, 2014 and 2013, excluding split-interest agreements and pledges of approximately \$7.4 million and \$7.5 million, respectively:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Fiscal year 2014:				
Donor restricted	\$ -	\$ 102,734	\$ 139,274	\$ 242,008
Board designated	40,040			40,040
Total	\$ 40,040	\$ 102,734	\$ 139,274	\$ 282,048
	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Fiscal year 2013:	Unrestricted		·	Total
Fiscal year 2013: Donor restricted	Unrestricted \$ -		·	Total \$ 204,935
•		Restricted	Restricted	

Notes to Financial Statements

June 30, 2014 and 2013 (Dollars in thousands)

Changes in the endowment funds for the fiscal years ended June 30, 2014 and 2013 were as follows:

	Uı	nrestricted	emporarily Restricted	ermanently Restricted	Total
Balance at June 30, 2013	\$	35,775	\$ 79,017	\$ 125,918	\$ 240,710
Interest and dividends, net Net appreciation in fair value		(22) 5,616	(131) 32,727	-	(153) 38,343
Contributions Distributions		376 (1,705)	- (8,879)	13,356	13,732 (10,584)
Balance at June 30, 2014	\$	40,040	\$ 102,734	\$ 139,274	\$ 282,048
	<u>Un</u>	restricted	mporarily estricted	ermanently Restricted	 Total
Balance at June 30, 2012 Interest and dividends, net Net appreciation in fair value	\$	32,592 (210) 4,825	\$ 61,696 (31) 25,706	\$ 119,228	\$ 213,516 (241) 30,531
Contributions Distributions		165 (1,597)	 (8,354)	 6,690	 6,855 (9,951)
Balance at June 30, 2013	\$	35,775	\$ 79,017	\$ 125,918	\$ 240,710

For the years ended June 30, 2014 and 2013, investment expenses of approximately \$1.2 million and \$1.4 million, respectively, were netted against interest and dividends.

7. PROPERTY, PLANT, AND EQUIPMENT, NET

Property, plant, and equipment, net consisted of the following at June 30, 2014 and 2013:

	 2014	2013		
Land Buildings and building improvements Furniture, fixtures, and equipment Construction in progress	\$ 1,234 256,124 30,643 1,675 289,676	\$	1,234 255,278 29,661 331 286,504	
Less accumulated depreciation Total	\$ (146,895) 142,781	\$	(139,908) 146,596	

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

Depreciation expense was approximately \$7.0 million for the year ended June 30, 2014 and approximately \$6.9 million for the year ended June 30, 2013.

8. ASSET RETIREMENT OBLIGATIONS

The College accrues for costs related to legal obligations to perform certain activities in connection with the retirement, disposal, or abandonment of assets. The College has identified asbestos abatement and lead paint exposure as conditional asset retirement obligations. Asbestos and lead paint abatement costs are estimated using a per-square-foot estimate.

Using a discount rate of 6.25%, the present value of the initial obligation amounted to \$1.4 million. As of June 30, 2014 and 2013, the obligation amounted to approximately \$2.4 million and \$2.3 million, respectively.

9. RETIREMENT PLANS

Full time faculty and administrators of the College are covered under a defined contribution pension plan established with Teachers Insurance and Annuity Association and Fidelity Investments (the "Admin Plan"). Under the Admin Plan, eligible employees may make contributions into the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). For the Admin Plan, the College makes contributions of either 9% or 12% (as defined by the Admin Plan) of eligible compensation. In addition, the College provides a matching contribution of 3% or 1% (as defined by the Admin Plan) for employees hired before July 1, 2012. To receive this matching contribution, employees must contribute the stated contribution per the Admin Plan agreement in order to receive the matching contribution.

Employees who are members of Local 2110, United Auto Workers; members of Local 264, Transport Workers Union of America; and confidential employees are covered under a defined contribution plan established with Teachers Insurance and Annuity Association (the "Union Plan"). Under the Union Plan, eligible employees may make contributions into the Union Plan, up to the maximum allowed by the IRC. For the Union Plan, the College's contributions range from 2% to 12% of eligible compensation. There is no matching contribution in the Union Plan. Total pension expense for both plans for the years ended June 30, 2014 and 2013 was \$6.9 million and \$6.3 million, respectively.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

10. POSTRETIREMENT MEDICAL PLANS

In addition to providing pension benefits, the College sponsors unfunded defined benefit postretirement medical plans. For nonunion employees to be eligible for the medical benefits, the employee must be at least 62 years old with at least 10 years of continuous service immediately prior to retirement or a total of age and years of service equal to 80 with a minimum of 15 years of service. For union employees to be eligible for the medical benefits, the employee must be at least 62 years old with at least 10 years of continuous service immediately prior to retirement.

The following tables identify the accumulated postretirement medical benefit obligation, the postretirement benefit obligation recognized in the accompanying statements of financial position, the net periodic postretirement medical benefit cost recognized in the accompanying statements of activities, and the related assumptions.

2011

2012

		2014	2013		
Change in benefit obligation:					
Benefit obligation at beginning of year	\$	15,594	\$	14,952	
Service cost		662		625	
Interest cost		788		701	
Plan participants' contributions		88		24	
Actuarial loss/(gain)		1,566		(243)	
Benefits paid		(653)		(465)	
Postretirement benefit obligation at end of year	<u>\$</u>	18,045	\$	15,594	
Change in plan assets:					
Fair value of plan assets, beginning of year	\$	-	\$	-	
Employer contributions		565		441	
Plan participants' contributions		88		24	
Benefits paid		(653)		(465)	
Fair value of plan assets, end of year	\$	-	\$	_	

Net periodic benefit cost reported as operating expense for the years ended June 30, 2014 and 2013 included the following components:

	 2014	_	2013
Service cost	\$ 662	\$	625
Interest cost	788		701
Amortization of prior service credit	(47)		(47)
Recognized actuarial loss	 328		447
Net periodic postretirement medical benefit cost	\$ 1,731	\$	1,726

Notes to Financial Statements

June 30, 2014 and 2013 (Dollars in thousands)

Postretirement cost (benefit) other than net periodic benefit cost for the years ended June 30, 2014 and 2013 is as follows:

		2014	2013		
Net loss/(gain) for the year Amortization of loss Amortization of prior service cost	\$ 	1,566 (328) 47 1,285	\$ 	(242) (447) 47 (642)	
Weighted average discount rate used to determine benefit obligations at June 30	Ψ	4.50%	Ψ	5.00%	
benefit obligations at June 30, Weighted average discount rate used to determine net periodic benefit cost for the fiscal year ended June 30,		5.00%	4.50%		
		Union/ onunion	_	nion/ nunion	
Assumed healthcare cost trend rates: Healthcare cost trend rate Healthcare cost trend assumed to decline Ultimate trend rate achieved		5%/6.5% 5%/4.5% 2030	4.59	%/7.0% %/4.5% 2030	

The effect of a 1% change in trend rates on total service, interest cost, and the postretirement benefit obligation is as follows:

	1%	Increase	1% Decrease		
Effect on total service and interest cost component	\$	173	\$	(142)	
Effect on postretirement benefit obligation		1,680		(1,386)	

The items not yet recognized as a component of net periodic benefit cost are as follows:

		2013		
Net actuarial loss	\$	5,635	\$	4,398
Prior service credit		(20)		(68)
Total	\$	5,615	\$	4,330

The estimated amount that will be amortized into net periodic postretirement medical benefit cost in fiscal 2015 is approximately \$0.2 million.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

The healthcare reform law could have significant accounting consequences for entities in diverse industries. Specifically, there are several provisions in the new law that might affect the College's measurement of its postretirement health benefit obligation. There are certain provisions (if applicable) that are generally expected to either increase or reduce an employer's obligations. It is very difficult at this stage to measure the impact of some of these provisions on the College's obligations. The College will continue to monitor developments, interpretations, and guidance relating to the law and incorporate relevant changes and plan design revisions to future measurements.

The College makes contributions to the postretirement medical plans equal to the benefits paid on a pay-as-you-go basis. For faculty and administrators, the contributions are deposited into a health savings account on behalf of the retiree. For the years ending June 30, 2015 through June 30, 2024, the College expects to make contributions to and benefit payments from the plans, net of Medicare subsidy, as follows:

2015	\$ 649
2016	720
2017	805
2018	856
2019	927
2020 through 2024	5,812

11. LONG-TERM OBLIGATIONS

Long-term obligations consist of the following:

	 2014	 2013
Dormitory Authority of the State of New York,		
Barnard College Insured Revenue Bonds, Series 2007A.		
Interest at 4.00% to 5.00%, due serially to 2037	\$ 40,795	\$ 42,220
Dormitory Authority of the State of New York,		
Barnard College Revenue Bonds, Series 2008. Interest		
at variable rates due serially to 2027	10,280	15,885
Dormitory Authority of the State of New York,		
Barnard College Insured Revenue Bonds, Series 2004.		
Interest at 2.00% to 4.75%, due serially to 2035	 24,595	 25,275
Total	75,670	83,380
Add: unamortized bond premium	1,352	1,411
Less: unamortized bond discount	 (23)	 (24)
Total long-term obligations	\$ 76,999	\$ 84,767

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

On July 11, 2007, the College entered into a loan agreement with the Dormitory Authority of the State of New York to issue \$48.42 million in Dormitory Authority of the State of New York Barnard College Insured Revenue Bonds, Series 2007A ("DASNY 2007A Bonds"). The loan is a general and unsecured obligation of the College. The DASNY 2007A Bonds were issued to refund and defease the \$23.715 million Dormitory Authority of the State of New York Barnard College Insured Revenue Bonds, Series 1996 ("DASNY 1996 Bonds"), to pay for a portion of the costs of the construction of a new approximately 100,000 square foot multipurpose facility, and to pay for other campus-wide renovations and maintenance projects (the "Diana Center and other projects"). The DASNY 2007A Bonds were issued at fixed interest rates of 4.00% to 5.00% and are due serially to 2037. In accordance with the provisions of the loan agreement, the College is required to deposit construction and reserve funds with a trustee. These funds with a fair value of \$2.5 million, in both years, were held in cash at June 30, 2014 and in cash and U.S. government securities at June 30, 2013 and are included in funds held by bond trustee in the accompanying statements of financial position.

On July 11, 2007, the College also entered into a separate loan agreement with the Dormitory Authority of the State of New York to issue \$32.6 million in Dormitory Authority of the State of New York Barnard College Insured Revenue Bonds, Series 2007B ("DASNY 2007B Bonds") to pay for a portion of the costs of the construction of the Diana Center and other projects. The loan was a general and unsecured obligation of the College. The DASNY 2007B Bonds were insured variable rate bonds. On April 30, 2008, due to the downgrading of the bond insurer, the College elected to enter into a loan agreement with the Dormitory Authority of the State of New York to issue \$28.0 million in Dormitory Authority of the State of New York Barnard College Revenue Bonds, Series 2008 ("DASNY 2008 Bonds"). Proceeds from the DASNY 2008 Bonds along with approximately \$5.5 million from the College were used to refund and defease the outstanding DASNY 2007B Bonds. The DASNY 2008 Bonds are a general and unsecured obligation of the College. The DASNY 2008 Bonds were originally secured by a \$28.4 million irrevocable direct pay letter of credit with RBS Citizens, N.A., which was scheduled to expire on April 23, 2011. On October 1, 2009, the College entered into a Bond Purchase and Continuing Covenants Agreement (Purchase Agreement) with RBS Citizens, N.A., whereby RBS Citizens, N.A. purchased the \$27.5 million outstanding DASNY 2008 Bonds. In addition, the letter of credit provided by RBS Citizens, N.A. was canceled. Under the terms of the Purchase Agreement, the interest payments are now based on a combination of weekly LIBORs and a fixed fee from RBS Citizens, N.A. The average interest rate on the DASNY 2008 Bonds was approximately 2% in Fiscal 2014 and 2013. In accordance with the provisions of the loan agreement, the College is required to deposit construction and reserve funds with a trustee. These funds with a fair value of \$0.6 million, respectively, were held in cash at June 30, 2014 and in cash and U.S. government securities at June 30, 2013 and are included in funds held by bond trustee in the accompanying statements of financial position.

In September 2007, the College entered into a seven-year interest rate swap agreement on the notional amount of \$32.6 million, the outstanding amount of the DASNY 2007B Bonds, to effectively fix the rate at 3.55%. As a result of the refunding of the DASNY 2007B Bonds, the swap agreement was modified to the notional amount of \$28.0 million, the outstanding amount of the DASNY 2008 Bonds at that time. At June 30, 2014 and 2013, the fair value of the swap agreement, which is based upon the value provided by a third-party financial institution, was a liability of approximately \$13 thousand and \$0.2 million, and is reported as an obligation under derivative instrument on the accompanying statements of financial position at June 30, 2014 and 2013, respectively. The College has evaluated the valuation methodologies used to develop the fair values in order to determine whether such valuations are representative of an exit price.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

The College considered both its credit risk and counterparty credit risk in determining fair value and appropriate adjustments.

In February 2004, the College entered into a loan agreement with the Dormitory Authority of the State of New York to issue \$28.9 million in Dormitory Authority of the State of New York Barnard College Insured Revenue Bonds, Series 2004. The loan agreement is a general and unsecured obligation of the College. In accordance with the provisions of the loan agreement, the College is required to deposit construction and reserve funds with a trustee. These funds with a fair value of \$1.3 million at June 30, 2014 were held in cash and with a fair value of \$1.2 million at June 30, 2013 were held in cash and U.S. government securities and are included in funds held by bond trustee in the accompanying statements of financial position.

The College capitalized bond issuance costs incurred in support of certain capital improvement projects. The College is amortizing the deferred issuance costs over the life of the bonds. Amortization expense for the years ended June 30, 2014 and 2013 was \$56 thousand.

Projected debt service payments on the long-term obligations as of June 30, 2014, for five years subsequent to June 30, 2014 and thereafter, are as follows:

Fiscal	<u>Principa</u>	<u>l</u>	Interest	 Total
2015	\$ 2,8	35 \$	3,492	\$ 6,327
2016	2,9	65	3,365	6,330
2017	3,1	00	3,232	6,332
2018	3,2	240	3,090	6,330
2019	3,3		2,942	6,337
Thereafter	60,1	35	24,313	 84,448
	\$ 75,6	<u> \$70</u>	40,434	\$ 116,104

Interest payments included in the above chart for the DASNY 2008 Bonds were calculated on the basis of an assumed interest rate of 4% per annum.

Interest expense for the years ended June 30, 2014 and 2013 amounted to approximately \$3.4 million and \$3.6 million, respectively.

The estimated fair value of the College's outstanding bonds at June 30, 2014 and 2013 was approximately \$77.9 million and \$85.7 million, respectively.

In September 2014, the College made an additional principal payment of \$3.5 million on the DASNY 2008 Bonds.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

12. INTERCORPORATE AGREEMENT

An intercorporate agreement between the College and Columbia University provides for payment for the exchange of certain services between the two institutions. These services include cross-registration for students, College services, faculty exchange, athletics, and certain special services and support costs.

The statements of activities include expenses in the amount of approximately \$5.4 million and \$5.2 million for the years ended June 30, 2014 and 2013, respectively, for services provided under the terms of the agreement.

13. NET ASSETS

Temporarily restricted net assets are available for the following purposes at June 30, 2014 and 2013:

	2014		2013	
Instruction, research, and library	\$	73,048	\$	59,845
Financial aid		62,172		47,798
Plant improvements		6,819		3,173
Gifts to be designated		1,749		4,346
Time restricted pledges		1,930		2,394
	<u>\$</u>	145,718	\$	117,556

Permanently restricted net assets are as follows at June 30, 2014 and 2013:

	 2014	 2013
Investments to be held in perpetuity, the earning from		
which are expendable to support:		
Financial aid	\$ 72,582	\$ 69,989
Instructional and other programs	 74,110	 63,386
	\$ 146,692	\$ 133,375

14. COMMITMENTS AND CONTINGENCIES

The College is a defendant in various lawsuits. Management of the College is of the opinion that the ultimate resolution of these matters will not have a material adverse effect on the College's financial position.

The College receives significant federal grants which are subject to audit by federal agencies. Management is of the opinion that disallowances, if any, would not have a significant effect on the financial position or changes in net assets of the College.

Notes to Financial Statements June 30, 2014 and 2013 (Dollars in thousands)

As of June 30, 2014, the College had a credit facility for \$5.0 million with RBS Citizens, with no outstanding borrowing. This line of credit expired on August 8, 2014. Subsequent to June 30, 2014, the line of credit was renewed for an additional year.

The College has entered into certain noncancellable operating lease agreements and an employment agreement. The commitments under such agreements provide for minimum annual payments as follows:

Year ending June 30:

2015	\$ 2,	453
2016	2,	347
2017	2,	414
2018		529
	<u>\$ 7,</u>	743

Rental expense for the years ended June 30, 2014 and 2013 totaled approximately \$2.2 million and \$1.8 million, respectively.

The accompanying notes to the schedule of expenditures of federal awards should be read in conjunction with this schedule.

Notes to the Schedule of Expenditures of Federal Awards

For the year ended June 30, 2014

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Barnard College (the "College") and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the U.S. Office of Management and Budget ("OMB") Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. LOANS OUTSTANDING

With respect to the Federal Direct Student Loan Programs (including Federal Stafford Student Loans and Federal PLUS Loans), the College is responsible only for the performance of certain administrative duties. Therefore, the balances of loans outstanding and transactions related to these programs are not included in the College's basic financial statements. It is not practical to determine the balance of loans outstanding to students of the College under those programs at June 30, 2014.

The College administers and accounts for all aspects of the Federal Perkins Loan Program. Accordingly, the College's basic financial statements include all activity related to this program. New loans made by the College during the year ended June 30, 2014 under the Federal Perkins Loan Program totaled \$91,574, which includes administrative costs of \$30,731. Federal Perkins loans outstanding at June 30, 2014 totaled \$1,578,774.

3. SUBRECIPIENTS

Of the federal expenditures presented on the accompanying schedule, the College provided federal awards to subrecipients as follows:

Program Title	Contract Number	Subrecipients
Linking AS, SE, V and MN Behavior to Natural and Biostimulated Uranium Cycling	81.049	\$ 14,965
Time and Associative Learning	93.242	194,393
Collaborative Reseach: MRI Consortium: Development of a Novel Telescope for Very High-Energy Gamma-Ray Astrophysicis	47.049	62,919
Particle Astrophysics at TeV Energies with VERITAS	47.049	63,082 \$ 335,359

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of **Barnard College:**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Barnard College (the "College"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 1, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting ("internal control") to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the College's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Trustees of **Barnard College:**

Report on compliance for each major federal program

We have audited the compliance of Barnard College (the "College") with the types of compliance requirements described in the U.S. Office of Management and Budget's *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Our audit of, and opinion on, the College's compliance for each major federal program does not include the compliance requirements governing student loan repayments under the federal Perkins loan program, because the College engaged University Accounting Service, LLC to perform these compliance activities. This third-party servicer has obtained a compliance examination from another practitioner for the year ended June 30, 2014 in accordance with the U.S. Department of Education's Audit Guide, *Audits of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers*.

Management's responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the College's federal programs.

Auditor's responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

The above-mentioned standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on each major federal program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on internal control over compliance

Management of the College is responsible for designing, implementing, and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

As described in our Report on Compliance for Each Major Federal Program above, this Report on Internal Control Over Compliance does not include the results of the other auditors' testing of internal control over compliance that is reported on separately by those auditors.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the College's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS

None noted.

SECTION III - FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

None noted.

Summary Schedule of Prior Audit Findings and Corrective Action Plan For the year ended June 30, 2014

Finding 2013-01 – Significant Deficiency – Contributions

During the Fiscal 2013 review of contributions, we identified two pledges that were not recorded in the proper fiscal years. For one of the pledges, in the amount of \$2.5 million, the signed pledge agreement had been received in March 2012 but the pledge was not recorded until Fiscal 2013. Additionally, for the second pledge, also in the amount of \$2.5 million, the signed pledge agreement was received in June 2013 but the pledge was not recorded until Fiscal 2014.

We noted that the Development Department does perform an annual review of correspondences from donors along with performing an inventory of all pending pledges. However, the reports generated from this review are not shared with the Finance Department. As a result, controls surrounding gifts tracking and recording are not operating effectively.

We recommend that the Development and Finance Departments meet regularly to review the gift tracking reports to ensure that all gifts are recorded in the proper period.

Views of Responsible Officials and Planned Corrective Action:

Management agrees with the recommendation. Starting in October 2013, the gift tracking reports will be sent to the Finance Department for review and will be incorporated as part of the monthly meetings attended by both the Development and Finance Departments.

2014 Update

No such matters were identified in our fiscal 2014 audit. The College believes that its process and review improvements effectuated during fiscal 2014 prevented a recurrence of this instance of noncompliance for the year ended June 30, 2014.

Finding 2013-02 – Special Tests and Provisions – Return of Title IV Funds

U.S. Department of Education – Student Financial Assistance Cluster (CFDA # 84.063) Federal Pell Grant Program (Pell)

Criteria

When a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV aid earned by the student as of the student's withdrawal date. If the total amount of Title IV assistance earned by the student is less than the amount that was disbursed to the student or on his or her behalf as of the date of the institution's determination that the student withdrew, the difference must be returned to the Title IV programs as outlined in 34 CFR section 668.22(a)(1) through (a)(3) and no additional disbursements may be made to the student for the payment period or period of enrollment. If the amount the student earned is greater than the amount disbursed, the difference between the amounts must be treated as a post-withdrawal disbursement (34 CFR sections 668.22(a)(1) through (a)(3)).Returns of Title IV funds are required to be deposited or transferred into the Student Financial Assistance account or electronic fund transfers initiated to the U.S. Department of Education as soon as possible, but no later than 45 days after the date the institution determines that the student withdrew. Returns by check are late if the check is issued more than 45 days after the institution determined the

Summary Schedule of Prior Audit Findings and Corrective Action Plan (continued) For the year ended June 30, 2014

student withdrew or the date on the canceled check shows the check was endorsed more than 60 days after the date the institution determined that the student withdrew (34 CFR section 668.173(b)).

Condition:

We identified one (1) student within the population of students who withdrew, who did not have their amount of earned Title IV grant calculated properly in accordance with the percentage of the period of enrollment that was completed as of the student's withdrawal date.

Context:

We identified one (1) student out of a sample of (6) students who withdrew midterm, whose earned Title IV grant was not calculated properly.

Questioned Costs:

The amount earned by the student was \$761 greater than the amount credited to the student after the refund calculation was performed.

Cause:

The inaccurate calculation of student refund for the withdrawing student was caused by a clerical error, and insufficient supervisory review in the Office of Financial Aid.

Effect:

As a result, the College did not comply with the student refund calculation requirements for one (1) withdrawing student during Fiscal 2013.

Recommendation:

While the College ultimately updated the refund amount and we ensured that the student received respective federal funding after their respective withdrawal dates, we recommend that the controls be strengthened to ensure that the refund calculation is updated within the required time frame for all student with status enrollment changes.

Views of Responsible Officials and Planned Corrective Action:

Management agrees with the recommendation.

2014 Update

No such matters were identified in our fiscal 2014 audit. The College believes that its process and review improvements effectuated during fiscal 2014 prevented a recurrence of this instance of noncompliance for the year ended June 30, 2014.

Summary Schedule of Prior Audit Findings and Corrective Action Plan (continued) For the year ended June 30, 2014

<u>Finding 2013-03 – Reporting – Special Reporting – Fiscal Operations Report and Application to Participate (FISAP)</u>

U.S. Department of Education – Student Financial Assistance Cluster (CFDA # 84.268, CFDA #84.038, CFDA#84.063, CFDA#84.033, CFDA#84.007)

Criteria

The College is required to submit annually the *Fiscal Operations Report and Application to Participate* ("*FISAP*") (OMB No.1845-0030), to receive funds for the campus-based programs. The College uses the Fiscal Operations Report portion to report its expenditures in the previous award year and the Application to Participate portion to apply for the following year. FISAP is required to be submitted by October 1 following the end of the award year (which is always June). The critical information is contained in the following areas: Part II: Information on enrollment; Assessments and expenditures; Information on eligible aid applicants, Part III: Fiscal Report; Fund Activity; Cumulative Repayment Information; Cohort Default Rate, Part IV: FSEOG, Part V: FWS, Part VI: Distribution of Program recipients and Expenditures by Type of Student.

Condition:

We identified that the *Assessment and expenditures* Section of Part II of the timely submitted FISAP, contained erroneous, data within total tuition and fees for the award year July 1, 2011 to June 30, 2012.

Context:

The Assessment and expenditures Section of Part II contained erroneous data within total tuition and fees for the award year July 1, 2011 to June 30, 2012 and stating \$93,835,292, \$2,808,057 less than the amounts reflected in the College's general ledger.

Questioned Costs:

None noted.

Cause:

The inaccurate reporting of total tuition and fees for the award year July 1, 2011 to June 30, 2012, was caused by a clerical error and insufficient supervisory review in the Controller's office.

Effect:

As a result, the College did not comply with the reporting requirements of the FISAP Part II – Application, during fiscal 2013.

Recommendation:

While the College will update the submitted FISAP report, ultimately we recommend that the controls be strengthened to ensure that the data contained within the FISAP report is reviewed and updated within the required time frame.

Views of Responsible Officials and Planned Corrective Action:

Management agrees with the recommendation. Management also notes that the amended FY 2012 FISAP has been submitted.

Summary Schedule of Prior Audit Findings and Corrective Action Plan (continued) For the year ended June 30, 2014

2014 Update

No such matters were identified in our fiscal 2014 audit. The College believes that its process and review improvements effectuated during fiscal 2014 prevented a recurrence of this instance of noncompliance for the year ended June 30, 2014.
