Selection of a Primary Care Provider - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (300%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the maximum reimbursable charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a Calendar Year deductible and maximum reimbursable charge limitations.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or if no amount is agreed to, the greater of the following: (i) the median amount negotiated with In-Network providers for the Emergency Service, excluding any In-Network copay or coinsurance; (ii) the Maximum Reimbursable Charge; or (iii) the amount payable under the Medicare program, not to exceed the provider's billed charges.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is also responsible for all charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay as the Secondary plan to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent, or an Employee's Domestic Partner who is also eligible for Medicare and whose insurance is continued for any reason as provided in this plan (including COBRA continuation);
- (b) an Employee, a former Employee, an Employee's Dependent, or former Employee's Dependent, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

One Guide
