

# STEAM in the City News

## OUR FIRST STEAM IN THE CITY NEWSLETTER!

Written by Carter Watts, Student Educational Experience Designer (SEED), CEI Office

This newsletter is a great way to stay up-to-date with STEAM in the City. You'll be the first to know about upcoming professional development opportunities, resources that are newly available, and our latest programming. We hope this newsletter will help us stay in communication! This newsletter will be sent out once a month with important updates so be sure to look out for it in your inbox. If you think of anything you want us to include in upcoming newsletters, let us know at [STEAM@barnard.edu](mailto:STEAM@barnard.edu)

### IN THIS MONTH'S ISSUE:

- Welcome Cohort 2!
- Teacher Spotlight
- Upcoming Events

Written by Katelyn Lam, Student Educational Experience Designer (SEED), CEI Office

We appreciate your involvement in our STEAM in the City Institute and hope to get to know you soon.

The newsletter is brought to you by Barnard College's Student Educational Experience Designers (SEEDs). SEEDs work closely with Teacher Fellows to develop, assist, and facilitate hands-on STEAM learning experiences.

# TEACHER FELLOW SPOTLIGHT

## Chaelee Dalton

THE DIRECTOR OF  
STEM LEARNING AT  
THE BOYS AND GIRLS  
CLUB OF HARLEM

### Get to know Chaelee

Chaelee Dalton (They/Them) is a Teacher Fellow from Cohort 1 of the STEAM in the City Institute. In their spare time, they enjoy writing poems, collaging, and making ice cream.

### Advice for YOU!

Chaelee has a bit of advice for the incoming cohort of teachers. They urge you to utilize the resources that are available to you as much as possible. You may be entitled to resources that you might not be aware of. Barnard and the STEAM in the City program can work with you to help figure out what can best support your students. There is an abundance of resources available to you and it is important to take advantage of them!

### Keeping up with Chaelee

Chaelee is currently working on developing curriculum and activities for future summer camps at the Boys and Girls Club of Harlem. Chaelee shares that they hope to create an Amazing Race themed curriculum composed of Amazing Race themed STEM challenges that are rooted in Harlem and in immigrant communities in Harlem. Chaelee hopes students will "learn not only about the world, but about their neighborhood and how that integrates with different STEM concepts, careers, and knowledge." Beyond future activities, Chaelee strives to facilitate an environment for students that models a Harlem-focused, interactive, and career-relevant learning experience.

# UPCOMING EVENTS

## STEAM IN THE CITY (SITC) INSTITUTE

Coming soon: the STEAM in the City Summer Institute will run from July 11-15! We are so excited for you to come and see what we have planned! Get ready for design challenges, tree identification, and making bee habitats.

On Monday, July 11, come to 3009 Broadway and meet us at the Barnard Gates!

## IMPORTANT INFORMATION FOR MONDAY

On Monday we will meet you at the Barnard Gates (3009 Broadway, New York, NY 10027) and programming will begin at 9:00am.

Barnard will reimburse parking pass costs for those that are driving; please save your parking receipts if you choose to drive.

We will be outside today so wear comfortable clothes and shoes!

## CHECK OUT COHORT 1'S MEDIA FEATURE:

We will be recording video material for a Cohort 2 feature video and article next week as well. Stay tuned for more information!
