The Major GPA Calculation Worksheet

To calculate your major GPA, please refer to your completed Architecture Major Worksheet and total the number of academic credit points that you have earned for each grade category (e.g. 12 points total of A, 6 points total of B+) then type those totals into the blue boxes below and **press the return/enter key** on your keyboard. The form will automatically calculate the GPA of the points entered.

You should include all of the courses you have listed on your major worksheet with a few exceptions:

Do not include courses for which you received a grade of P.
Do not include academic credit points for any courses that you are currently enrolled in and haven't received a final grade for.
Do not include academic credit points for any courses that were taken at other institutions (e.g. at a prior institution (if you are a transfer student) or at an institution abroad (if you studied abroad)). However, if you studied abroad in a Columbia University Program, please do include those academic credit points in your calculations.

LETTER GRADE	TOTAL ACADEMIC CREDIT POINTS		Grade Points
A+		X 4.3 =	
A		X 4.0 =	
A-		X 3.7 =	
B+		X 3.3 =	
B		X 3.0 =	
B-		X 2.7 =	
C+		X 2.3 =	
C		X 2.0 =	
C-		X 1.7 =	
D		X 1.0 =	
F		X 0.0 =
