Notes:

Percentages are rounded to the nearest integer. Blank cells represent true zero.

Race/Ethnicity categories are reported according to self-identification by students using IPEDS methodology and definitions:

International students are counted separately, without race/ethnicity classification.

Latinas, regardless of race categories selected, are classified as Latina.

Students selecting multiple race categories (American Indian/Alaska Native, Asian, Black or African-American, Native Hawaiian, White) are classified as "two or more race"

See https://nces.ed.gov/ipeds/reic/collecting_re.asp for more information on IPEDS race and ethnicity reporting.

See the table Race and Ethnicity - All Selections for data on both domestic and international students. That table also reflects all choices made by each student.

Federal Pell Grant Recipients refer to the entire academic year
